#### DIVIDEND TAX DATING BACK

(By Associated Press)  
WASHINGTON, May 20.—A ten per cent stock tax retroactive to March 15, 1920, was approved today by the house ways and means committee as part of the taxation scheme for financing soldier relief legislation. The committee refused to accept an 80 per cent retroactive war profits tax proposed by the democratic committee.

A favorable report then was ordered on the soldier relief bill with the stock dividend provision attached.

#### KNIGHTS ELECT STATE OFFICERS

The delegates to the Knights of Columbus state council at Ely, have all returned and agree that the copper camp can take care of all visitors in royal style. This conclusion is based on the reception given the delegates on this trip. Most of them members were from Tonopah and Goldfield including the following: D. N. Nolan, L. E. Glass, and D. J. Robb, Tonopah; Roger Foley, Pat McAuliffe and J. S. Alan, Goldfield; P. J. Reilly, Carson City; P. H. Dermody and E. G. Peters, Reno.

The opening day of the session was signalized by high mass in the Sacred Heart church where the musical programme was discussed by Mrs. Anthony Jurich, Mr. and Mrs. Coleman. Owing to the absence of C. J. Leonzio, state deputy who is in Arizona, the chair was occupied by D. N. Nolan, past state deputy of Tonopah and the following officers were elected: Judge J. M. Collins, state deputy; G. F. Deckelman, state treasurer; Roger Foley, Goldfield, state advocate; Pat McAuliffe, Goldfield, state warden; Rev. A. Gaylin, Goldfield, state chaplain.

#### Make 100 Feet a Month Management Estimates

Sinking of the main shaft of the Tonopah Divide was resumed today with two shifts that will be steadily employed until the objective of the management is reached which means that the hole will eventually go to water level. Installation of the new equipment was completed Monday when the plant was turned over and tested to the satisfaction of the management. After allowing for a few minor adjustments the equipment went into regular commission this morning and will continue to operate indefinitely. With this improvement the shaft will be lowered at the rate of 100 feet a month and it is probable that lateral work will be instituted before very long.

#### SPENDS A WEEK AT ARROWHEAD

W. J. McVeigh, manager of the Arrowhead Extension, drove in from that camp yesterday accompanied by A. W. Lord who is one of the large stockholders of the Extension and who came here from Los Angeles to make a thorough investigation and geological examination of the camp with a view to interesting a number of his friends in the district. Mr. Lord spent a week at Arrowhead and on leaving Tonopah for Glass Valley, Cal., expressed himself very favorably on what he had seen and the prospects for making a big camp. The Arrowhead Extension work met with his hearty endorsement and he was especially pleased to see that the work on the new shaft at 150 feet was under way.

This is one of the most important undertakings of the camp as Manager McVeigh expects to cut the main Arrowhead ledge within 20 feet from the shaft.

#### MY IRISH ROSE BY HIGH SCHOOL

The senior play Friday night promises to be a treat for all lovers of the spoken drama. The story is of Rose Creigan, a little country lass who falls in love with Maurice Fitzgerald, a young Dublin artist and marries him. They are happy until the advent of the "camp" lady Agnes Harricklow, who endeavors to make things miserable for all concerned except herself. Rose plays the game however, and is successful in adjusting affairs to a happy conclusion.

#### OREBODY PICKED UP IN SIMON

Silver-lead-zinc ore of a commercial grade containing \$120 in gold to the ton has been encountered in drift No. 615 on the sixth level of the Simon Silver-Lead Mines, company near Mina. This is a continuation of crosscut 607, driven from a distance of approximately 380 feet southwesterly from the main shaft to pick up the faulted segment of the principal ore body which has been thrown off by the west fault.

Reference is made in the first annual report to this work being under way and of ore also having been found beyond the east fault.

Approximately 15 feet back from the face of drift No. 615 the same ore body has been opened in crosscut 613.

Enough work has not been done as yet to determine definitely the extent of the ore body, the miners having just encountered it. Ore is found on the surface however, in trenches and in a shaft thirty feet deep, these workings extending along the surface for an approximate distance of 450 feet beyond the present face of drift 615.

In the main shaft a station is being cut at the seventh level and a skip pocket twenty feet lower. When these are completed laterals will be driven to cut the downward extension of the ore opened on the fourth, fifth and sixth levels.

The play is full of quaint Irish humor and has many good laughs in it. The love story has a subtle throughout. Among the characters which produce the comedy in the play are Popen Burke, a servant girl, played by Miss Freda Futsch, Archibald Pennywit, an Englishman, played by William Sawle and Shawn McGilly, played by Frank Pearson.
